(NPDES NO. CA0084069)  
FOR  
TEHAMA COUNTY SANITATION DISTRICT NO. 1  
MINERAL WASTEWATER TREATMENT PLANT  
TEHAMA COUNTY**

The Tehama County Sanitation District No. 1 (Discharger) owns and operates a wastewater treatment plant (Facility) in the community of Mineral, Tehama County. The wastewater treatment system consists of a bar screen, flow measurement device, aeration basin, two 2.5-acre evaporation/percolation ponds, pressure filter, and chlorination/dechlorination. Wastewater is discharged from Discharge Point 001 to the South Fork of Battle Creek, a water of the United States, and a tributary to Battle Creek. The discharge is regulated under an existing National Pollutant Discharge Elimination System (NPDES) permit. The Discharger submitted a Report of Waste Discharge and requested renewal of the existing NPDES permit. Staff recommends the Regional Water Quality Control Board adopt the tentative NPDES permit to regulate the discharge from the facility.
